

Paraffin Dispenser

Model: PD-100

Heavy duty instrument suitable for paraffin dispensing, automatic control with automatic safety shut-off. With LED display

FEATURES:

- The full automatic procedure control & new heating element gives feature of quick heating energy saving
- The temperature survey integration block from American DALLAS Corporation has been used to make it precise in temperature survey and credible in performance
- It possesses the function of memorization to keep the set temperature automatically after start-up
- The LED shows heating state

Technical Data

Capacity:	10000ml
Temperature range:	ambient ~ 100°C
Precision:	± 1%
Voltage:	AC 220V, 50/60HZ
Power:	1200VA
Overall dimension:	350 x 450 x 510mm
Net Weight:	17kg
